

TRAVEL WATCH™

REAL-TIME PEOPLE AND ASSET TRACKING

As part of Strategic Security's Overwatch Security Solutions or as a stand alone service, Strategic's Travel Watch service provides organizations with travel risk assessments and GPS satellite tracking of people and assets. Travel Watch delivers a flexible solution that assists stakeholders in making informed, proactive decisions before a crisis impacts people, facilities or business with a global intelligence driven platform delivered 24/7/365. Travel Watch helps organizations act immediately during a crisis event by identifying traveling employees and assets at risk and facilitating communications with them through integrated email and optional SMS. Travel Watch affords employers a single platform view of their employees and assets around the globe.

Travel Watch Enhanced provides kidnap incident management in the event of a kidnap and ransom crisis. Strategic Security manages the potentially conflicting interests of involved parties through family support, government liaison and crisis communication. Strategic assists with negotiation strategies and tactics required to influence persons involved and reach a favorable resolution.
